

MANAGEMENT POLICY

The BRAVANTE GROUP, which includes companies operating on Environmental Protection, Maintenance, Consulting and Remediation, Port Services, Maritime Support and Shipbuilding and Repair, seeks to improve the requirements of Quality, Safety, Health and the Environment.

It is our responsibility and commitment to:

1.

Permanently seek continuous improvement of the Quality, Safety, Health, and Environment Management System in the performance of operational activities.

2.

Satisfy customers by fully meeting their needs, seeking partnership with suppliers, and service providers in line with this policy.

3.

Seek the prevention of injuries and illnesses resulting from the activities carried out, minimizing the risks to our permanent and contracted employees, customers, and the community in the operations carried out by the organization or on its behalf.

4.

Comply with the code of ethics in order to establish an appropriate behavioral, social, and professional standard.

5.

Plan and execute activities prioritizing the safety of the process.

6.

Qualify, train, and raise awareness of its employees and service providers, regarding aspects of Quality, Safety, Health, and the Environment, as well as promoting mechanisms for consultation and participation.

7.

Comply with applicable legal requirements and other stakeholder requirements.

8.

Guarantee the unrestricted authority of the captains of the vessels and those responsible for the operational areas in making decisions regarding Quality, Safety, Health, and the Environment, supplying the necessary resources.

9.

Prevent and control environmental impacts and property damage in operations carried out by or on behalf of the organization. Aiming to optimize the consumption of natural resources in order to meet our needs without compromising future generations.
